

JASON CULLUM

Jason Cullum is the Lead Pastor of Christ's Church in Jacksonville, Florida. Christ Church is a non-denominational church that has five campuses all over North Florida and a K-12 school. He is married to his wife of 21 years, Anne, and has two sons, Elijah and Silas. Jason has a passion to see life change in people's lives and to multiply his life and ministry for Kingdom impact. Jason is passionate about the city of Jacksonville and serving the underserved, overlooked, locked up and forgotten. He has been working with several global organizations fighting human trafficking in Cambodia, Vietnam and Haiti. He helped launch a safe house for "restavek's" (child slaves) in Port-au Prince, Haiti. Upon learning of the trafficking crisis in North Florida he began looking for partners to address this issue and found Her Song. Pastor Jason is excited to serve along side this formidable ministry that is not only helping survivors heal but proactively attacking the problem at the source with education and prevention. He looks forward to the day when Her Song will reach it's vision to have an 1) Assessment Center, 2) Safe House and 3) Transition Home to help the amazing women get back on their feet and be spiritually, emotionally and physically healed.
